

WHAT IS GOD?

God Is Omnipresent

God is present everywhere at the same time. If you read all the documents on the planet, you will only find one real tangible person who declared and proved Himself as omnipresent.

"Of Vibrations I am the transcendental OM." (Lord Krishna, Bhagavad-Gita 10.25)

Lord Krishna is all that begins with OM, He is Omnipresent, Omniscient, and Omnipotent.

"I am seated in everyone's heart." (Lord Krishna, Bhagavad-Gita 15.15)

"I am the super soul, situated within the heart of all living beings. I am the origin, the middle, and the end of all living beings." (Lord Krishna, Bhagavad-Gita 10.20)

Lord Krishna is present in the heart of all living beings, including the plants and animals as the super soul, next to the individual soul.

"The Supreme Personality of Godhead, who is greater than all, is attainable by unalloyed devotion. Although He is present in His abode, He is all-pervading, and everything is situated within Him." (Lord Krishna, Bhagavad-Gita 8.22)

Lord Krishna is always present on His planet called Goloka Vrndavana, and He is also present everywhere on the millions of universes.

"Although I am the maintainer of all living entities and although I am everywhere, I am not a part of this cosmic manifestation, for My Self is the very source of creation." (Lord Krishna, Bhagavad-Gita 9.5)

"I enter into each planet, and by My energy they stay in orbit." (Lord Krishna, Bhagavad-Gita 15.13)

Lord Krishna is present everywhere on the millions of planets and universes, which are kept in orbit by His inconceivable energy, but He is aloof from them.

"I exist within everything, and I am therefore the essence of the atomic constituents of material elements. (Lord Krishna, Srimad Bhagavatam 11.15.12)

Lord Krishna is present in every atom.

God Is Omniscient

God has all knowledge, complete awareness, can perceive everything, and He knows the past, present, and the future. If you read all the documents on the planet, you will only find one real tangible person who declared and proved Himself as omniscient.

"The Personality of Godhead, Lord Sri Krsna, said: I instructed this imperishable science of yoga to the sun-god, Vivasvan, and Vivasvan instructed it to Manu, the father of mankind, and Manu in turn instructed it to Iksvaku." (Lord Krishna, Bhagavad-Gita 4.1)

The knowledge of self-realization, the Bhagavad-Gita, has been spoken on this planet and beyond in millions of universes. Lord Krishna, the head of all controllers, spoke it to Vivasvan, the person who controls the sun planet some 120 million years ago.

"That very ancient science of the relationship with the Supreme is today told by Me to you because you are My devotee as well as My friend and can therefore understand the transcendental mystery of this science." (Lord Krishna, Bhagavad-Gita 4.3)

The knowledge of the science of God was first spoken in this universe, 155.522 trillion years ago and last spoken 5000 years ago by the same person, Lord Krishna.

"The Personality of Godhead said: Many, many births both you and I have passed. I can remember all of them, but you cannot." (Lord Krishna, Bhagavad-Gita 4.5)

"As the Supreme Personality of Godhead, I know everything that has happened in the past, all that is happening in the present, and all things that are yet to come. I also know all living entities; but Me no one knows." (Lord Krishna, Bhagavad-Gita 7.26)

Lord Krishna has an eternal spiritual body and He can remember all His past appearances. He also knows the complete past, present, and the future of all the zillions of living entities on this and millions of other universes. He knows exactly what every living entity is doing at every second, because Lord Krishna is in the heart of all living beings as the super soul and the witness. We cannot even remember everything we did in the last hour, but Lord Krishna knows exactly what you, all living entities, and I have done at every second in the past trillions of years.

God is Omnipotent

God has unlimited power and opulence. If you read all the documents on the planet, you will only find one real tangible person who declared and proved Himself as omnipotent.

"With a single fragment of Myself I pervade and support this entire universe." (Lord Krishna, Bhagavad-Gita 10.42)

Lord Krishna is so powerful that with a single particle of Himself, He creates and maintains millions of universes.

"There is no end to My divine manifestations. What I have spoken to you is but a mere indication of My infinite opulences." (Lord Krishna, Bhagavad-Gita 10.40)

Lord Krishna has unlimited forms and unlimited opulence.

"At the end of the millennium all material manifestations enter into My nature, and at the beginning of another millennium, by My potency, I create them again." (Lord Krishna, Bhagavad-Gita 9.7)

In this verse millennium means 311.040 trillion years, this is the lifespan of this universe and this is the time it takes Lord Krishna in His expansion as Maha Visnu to inhale or exhale just once. When Maha Visnu exhales, millions of universes come out from His body pores and when He inhales, they all go back into His body. We are currently 155.522 trillion years into the current exhalation, this is the current age of the universe, and thus we have another 155.518 trillion years to go before the end of the universe and current cycle. For us, 100 years is a long time, but for Maha Visnu, 311.040 trillion years is just one breath. This is how great Lord Krishna (God) is.

"The whole cosmic order is under Me. Under My will it is automatically manifested again and again, and under My will it is annihilated at the end." (Lord Krishna, Bhagavad-Gita 9.8)

Lord Krishna is in full control of the whole cosmic creation, comprising of millions of universes. By His will there is creation, maintenance, and destruction. The power of Lord Krishna is inconceivable and completely beyond material conception.

"Don't be satisfied simply by understanding that God is great. That's nice, but as far as possible try to understand how great He is. Then you will not accept any cheap God." (Swami Srila Prabhupada)
