

Proof of Lord Krishna As God from the Koran

1. Where is God?

The Muslim scholars say Allah is present in only one place above the 7 heavens. Allah is not present everywhere, thus Allah is not omnipresent. They justify this based on the following verses from the Koran.

"Every good saying goes up to Him." (Koran 35.10)

"Those who fear their Lord who is above them." (Koran 16:50)

All the main news in the country goes up to the President. Does this mean the President is situated in some high building?

The Vedic knowledge is eternally existing and comes from Lord Krishna (God) who delivered it in person and also compiled it into scriptures in person (as Ved Vasya). The non-Vedic knowledge is recently created and thus not eternal, and is based on man made ideologies. This is the main difference between the teachings of Sanatan-Dharma (The Eternal Religion) and the recently man founded religions like Islam. The founder of Islam is a man named Muhammad, and thus Islam is based on the understandings and ideologies of one man. Because man cannot be present in more than one place at the same time, their teaching is that God is also limited to being present only in one place, thus God is not omnipresent,

Just because we can only be present in one place, does this mean that God is also limited to one place?

"The Supreme Personality of Godhead, who is greater than all, is attainable by unalloyed devotion. Although He is present in His abode, He is all-pervading, and everything is situated within Him." (Lord Krishna, Bhagavad-Gita 8.22)

Lord Krishna is omnipresent, meaning He is present everywhere.

Lord Krishna is always present on His own spiritual planet called Goloka, which is the topmost planet in the spiritual creation called Vaikuntha. But He is also present everywhere on this and millions of other planets, in millions of universes.

Someone who is present everywhere (omnipresent) is greater than someone who is not present everywhere (not omnipresent) and thus if one believes God is great, then one must accept that God is omnipresent and thus Lord Krishna is the one true God.

All the news of the good and bad actions taken by humans everywhere go up to Lord Krishna.

2. Who is The God who can see and hear everything everywhere?

"There is nothing like Him, and He is the All-Hearer, the All-Seer" (Koran 42:11)

"So wherever you turn, there is the face of Allah." (Koran 2:115)

It is Lord Krishna who states that He hears and sees everything, with His ears, eyes, and faces everywhere.

"Everywhere are His hands and legs, His eyes, heads and faces, and He has ears everywhere. In this way the Supersoul exists, pervading everything." (Lord Krishna, Bhagavad-Gita 13.14)

"Yet in this body there is another, a transcendental enjoyer, who is the Lord, the supreme proprietor, who exists as the overseer and permitter, and who is known as the Supersoul." (Lord Krishna, Bhagavad-Gita 13.23)

Wherever you turn, there is the face of Lord Krishna, but only those who are qualified can see Him.

3. Is God A Person With A Human Like Form?

"Allah created Adam in His Image.. " - Prophet Muhammad (Al-Bukhari, 6227; Muslim, 2841)

The Koran and Hadith tell us of certain attributes of God, such as Hearing, Seeing, having a Face, Two Hands etc, but they are not like ours. The Muslims cannot describe God, and thus for them God is unseen, unknown and just a name in a book.

Only the Vedic scriptures describe God and in complete. This is because only God made scriptures can give knowledge about Him to us and not any man made scriptures. A full description of Lord Krishna (God) can be found in the Vedic scripture called Srimad Bhagavatam. This also gives detailed pastimes of God dating back to billions of years. There is no such thing as the pastimes of God in any non-Vedic scriptures.

"Fools deride Me when I descend in the human form. They do not know My transcendental nature as the Supreme Lord of all that be." (Lord Krishna, Bhagavad-Gita 9.11)

The foolish cannot understand that God is a person with a human like form and He descends to this and other planets to perform His transcendental pastimes.

Is there any King who never visits his citizens? Is there any President who never visits his cities/towns? Is there any property owner who never visits his properties? Is there any father who never sees/visits his children?

Lord Krishna descends for many reasons including satisfying His devotees desire to see Him.

As mentioned in the Koran and Hadith, God is a person with 2 hands, face, ears, and eyes. Thus God is human like. That Supreme person is Lord Krishna, who has appeared more than 18,000 times in His original form and millions of times in His other forms, and each time He appeared. Many demonic people challenged Him, and He very easily defeated them all. They also got liberation, because anyone who is destroyed by Lord Krishna or in the presence of Him, gets liberation. This is how merciful Lord Krishna (God) is. The Koran mentions many times that Allah is most merciful, and Lord Krishna proves it.

4. Is God Superior To His Creations?

"Nor is there to Him any equivalent." (Koran 112:4)

The definition of God is that He is a person who is superior to His creations. There is nobody equal to Him nor above Him. The ignorant and most foolish class of people would accept someone as superior without ever seeing Him nor with any proof.

It is Lord Krishna who has actually appeared millions of times and each time proved that He is the greatest. In His every appearance, the demonic challenge Him and Lord Krishna very easily defeats them all. Lord Krishna is the only proven God.

"O conqueror of wealth, there is no truth superior to Me. Everything rests upon Me, as pearls are strung on a thread. O son of Kunti, I am the taste of water, the light of the sun and the moon, the syllable Om in the Vedic mantras; I am the sound in ether and ability in man. I am the original fragrance of the earth, and I am the heat in fire. I am the life of all that lives, and I am the penances of all ascetics. O son of Patha, know that I am the original seed of all existences, the intelligence of the intelligent, and the prowess of all powerful men." (Lord Krishna, Bhagavad-Gita 7.7-10)

I am the source of all spiritual and material worlds. Everything emanates from Me. The wise who perfectly know this engage in My devotional service and worship Me with all their hearts." (Lord Krishna, Bhagavad-Gita 10.8)

"Furthermore, O Arjuna. I am the generating seed of all existences. There is no being — moving or nonmoving — that can exist without Me." (Lord Krishna, Bhagavad-Gita 10.39)

The above and other statements in the Vedic scriptures were first made by Lord Krishna, 155.522 trillion years ago in this universe and millions of times in millions of other universes. The Koran has only been spoken once and only on this planet less than 0.000000014 trillion years ago. Lord Krishna Has appeared and proved millions of times before Islam that He is the one true God. He also appeared 500 years ago as Lord Caitanya and He once again proved that He is the one true God.

Krishna claims to be the origin of everything; no other person on the planet existing now or in the past claimed to be the origin of everything. This is because only Krishna is the origin of everything.

5. Has God Been Seen?

The Koran admits that some will see God someday (Koran 75:22-23).

"Some faces that day will beam looking towards their Lord." (Koran 75.22-23)

The Muslims believe that nobody has seen God so far. They should speak for themselves and not for everyone. Just because you have not seen Japan, does this mean that nobody has seen Japan?

"But you cannot see Me with your present eyes. Therefore I give you divine eyes. Behold My mystic opulence!" (Lord Krishna, Bhagavad-Gita 11.8)

We cannot see God (Lord Krishna) with our blunt eyes, we need special divine vision and Arjuna was give this and he was able to see Lord Krishna in his universal form which was more effulgent than a thousand suns all rising at the same time.

"My dear Arjuna, only by undivided devotional service can I be understood as I am, standing before you, and can thus be seen directly. Only in this way can you enter into the mysteries of My understanding." (Lord Krishna, Bhagavad-Gita 11.54)

We cannot see God by ordering him, only by undivided devotional service, one can see Lord Krishna face to face. So far millions of people have seen Lord Krishna, face to face, right here on this planet.

By following the blind, one will not see anything. By following those who have not seen God, for them God will also be unseen and unknown.

6. Who Is The God Between A Man And His Heart?

"And We are closer to Him than his jugular vein." (Koran 50.16)

"Be aware that Allah comes between a man and his heart." (Koran 8.24)

It is Lord Krishna who is present within your heart, mine, and in the heart of all living beings. The individual soul is next to the super soul (Lord Krishna) in the heart.

"I am the Super soul, seated in the hearts of all living entities.." (Lord Krishna, Bhagavad-Gita 10.20)

"I am in everyone's heart as the Supersoul.." (Lord Krishna, Bhagavad-Gita 7.21)

"I am seated in everyone's heart, and from Me come remembrance, knowledge .." (Lord Krishna, Bhagavad-Gita 15.15)

"The Supreme Lord is situated in everyone's heart, O Arjuna, and is directing the wanderings of all living entities, who are seated as on a machine, made of the material energy." (Lord Krishna, Bhagavad-Gita 18.61)

It is very clear that Lord Krishna is the God who comes between a man and his heart.

Even Jesus, believed that God was within his body.

"The words I say to you are not just my own. Rather, it is the Father, living in me, who is doing his work." (John 14.10)

"And they tempted God in their heart.." (Psalm 78.18)

It is Lord Krishna who is in the heart of all living beings and it is He who is giving us knowledge, ability, and directing us based on our desires.

"He knows even the most innermost thoughts of man." (Muslim Scholars)

Lord Krishna is in the heart and thus He knows the inner thoughts of man.

7. Who Is The God Who Is Operating Within Every Single Particle?

"His ability operate within every single particle of the universe." (Muslim Scholars)

How can God operate within every single particle unless He is present within every single particle?

"I exist within everything, and I am therefore the essence of the atomic constituents of material elements." (Lord Krishna, Srimad Bhagavatam 11.15.12)

It is Lord Krishna who is present in every atom and by His potency, every single particle is operating. Atoms combine to form molecules by the potency of Lord Krishna who is inside every atom.

"Know that all opulent, beautiful and glorious creations spring from but a spark of My splendor. But what need is there, Arjuna, for all this detailed knowledge? With a single fragment of Myself I pervade and support this entire universe." (Lord Krishna, Bhagavad-Gita 10.41-42)

From a single spark of Krishna, millions of universes are created and maintained by Him. Can you imagine how great Krishna (God) is?

8. How Can Nothing Escape Without God Knowing?

"He is knowing of all things" (Koran 2:29)

"Nothing escape God's knowing." (Muslim Scholars)

Unless God is a witness to all our actions, we cannot say nothing can escape without God knowing.

"I am the goal, the sustainer, the master, the witness, the abode, the refuge, and the most dear friend. I am the creation and the annihilation, the basis of everything, the resting place and the eternal seed." (Lord Krishna, Bhagavad-Gita 9.18)

It is Lord Krishna who is the witness to all our actions and thus nothing can escape His knowing.

"He is aware of all that happens in the universe." (Muslim Scholars)

"O Arjuna, as the Supreme Personality of Godhead, I know everything that has happened in the past, all that is happening in the present, and all things that are yet to come. I also know all living entities; but Me no one knows." (Lord Krishna, Bhagavad-Gita 7.26)

It is Lord Krishna who is aware of everything that has happened in the past, all which is happening in the present, and all that will happen in the future.

9. God is Most Just, Most Loving, and Most Merciful

"The living entities in this conditioned world are My eternal fragmental parts. Due to conditioned life, they are struggling very hard with the six senses, which include the mind." **(Lord Krishna, Bhagavad-Gita 15.7)**

Lord Krishna is most loving. He cares for all living beings, because we are all His eternal parts. He has an infallible system of justice called the law of Karma. For every action one takes, he/she will be rewarded or punished accordingly and He gives us unlimited chances and not just one (reincarnation). We are all eternal, we existed before this life, just as we exist now, and we will continue to exist after this life.

"For the soul there is neither birth nor death at any time. He has not come into being, does not come into being, and will not come into being. He is unborn, eternal, ever-existing and primeval. He is not slain when the body is slain." **(Lord Krishna, Bhagavad-Gita 2.20)**

Lord Krishna does not rely on middle men for witnessing all our actions. He is the witness himself to all our activities in person. Eventually every single soul will go back to the spiritual creation where there is no old age, no disease, no death, and no misery.

"One who is not envious but is a kind friend to all living entities, who does not think himself a proprietor and is free from false ego, who is equal in both happiness and distress, who is tolerant, always satisfied, self-controlled, and engaged in devotional service with determination, his mind and intelligence fixed on Me—such a devotee of Mine is very dear to Me." **(Lord Krishna, Bhagavad-Gita 12.13-14)**

Everyone in Vaikuntha, the spiritual creation lives eternally in the same body which is completely beautiful, full of bliss and love, and full of knowledge. There is no jihad, no hatred, no envy nor violence in Vaikuntha. One can qualify to go back to Vaikuntha at the end of this short life, simply by loving all living beings (no hatred/envy ness), no violence against any living being (vegetarianism) and accepting that Lord Krishna is the real proven God.

"That supreme abode of Mine is not illumined by the sun or moon, nor by fire or electricity. Those who reach it never return to this material world." **(Lord Krishna, Bhagavad-Gita 15.6)**

The abode of Lord Krishna is not like this planet, it's spiritual and supreme. There is no need for the sun or electricity, it's self-effulgent. More details can be found in the Srimad Bhagavatam.

10. God is One

"We believe in that which has been revealed unto us and revealed unto you; our God and your God is One, and unto Him we surrender." **(Koran 29:46)**

"O conqueror of wealth, there is no truth superior to Me. Everything rests upon Me, as pearls are strung on a thread." **(Lord Krishna, Bhagavad-Gita 7.7)**

"Furthermore, O Arjuna, I am the generating seed of all existences. There is no being – moving or nonmoving – that can exist without Me." **(Lord Krishna, Bhagavad-Gita 10.39)**

Lord Krishna is the source of everything and thus the proven God who has appeared many times and each time He proved He was the one true God.

"I am the source of all spiritual and material worlds. Everything emanates from Me. The wise who perfectly know this engage in My devotional service and worship Me with all their hearts." (Lord Krishna, Bhagavad-Gita 10.8)

11. Krishna is the Name and Person God

Based on the Koran, Hadith, and learned Muslim scholars. Allah is a person with a human like form with 2 hands, 2 legs and so on. However no Muslim can describe Him. In the billions of years that the universe has existed, so far only one real person has stepped forward and declared Himself and proved that He is the one and only God, that person is Lord Krishna.

Allah is just a name in a book, the Koran, which was delivered in a cave over a period of 23 years. Krishna is also a name in a book but He has actually been seen by millions, He has appeared more than 18,000 times in His original form and millions of times in His other forms, and each time proved He was the one and only God. The Bhagavad-Gita with 700 verses was spoken by Lord Krishna in 45 minutes in front of thousands of men. He also spoke the Uddhava Gita with 937 verses within two hours, and He performed many transcendental pastimes in the 125 years that He appeared, 5000 years ago. He also appeared again just 500 years ago in the form of Lord Caitanya. He once again proved He was the only God.

Why should God hide in a cave and deliver His message. Why should God take years to deliver His message? Why should God appear only once and that also billions of years after creation? Why should God deliver His message to only one person?

Based on the deeds (actions taken) and desires by humans in this life and previous life times. People develop a particular mentality which enables them to know God in different ways. For some, God will be known as a name in a book, and for some God will be known as a real person with historical facts known about Him dating back to billions of years.

"That is Allah, your Lord; there is no deity except Him, the creator of all things, so worship Him. And He is the Disposer of all things." (Koran 6:102)

The above statement makes no sense, because Allah is just a name in the book and not a real proven person. The only person who has actually appeared and proved that He is God is Lord Krishna. The seen and proven God, who has appeared not just once in a book, but He has appeared millions of times in person and each time, He proved himself as the only God. It is common in every Kali Yuga, the age of ignorance and irreligion, for people to be very easily fooled.

If someone declares himself as the greatest swimmer, then that person must appear and swim with other competitors and prove it. If someone states that a character in a book is the greatest swimmer, only the most foolish and least intelligent people would give that character in a book the title of greatest swimmer.

If someone declares himself as the fastest runner, then he must appear and compete with other runners and prove it. Only the most foolish and least intelligent class of people would give a character in a book the title of the fastest runner with ZERO evidence.

"Those who are devotees of other gods and who worship them with faith actually worship only Me, O son of Kunti, but they do so in a wrong way. I am the only enjoyer and master of all sacrifices. Therefore, those who do not recognize My true transcendental nature fall down." (Lord Krishna, Bhagavad-Gita 9.22-23)

"Abandon all varieties of religion and just surrender unto Me. I shall deliver you from all sinful reactions. Do not fear." (Lord Krishna, Bhagavad-Gita 18.66)

The Koran was spoken just once, 1400 years ago on this planet only and thus not eternal nor universal.

The Bhagavad-Gita was last spoken 5000 years by Lord Krishna to Arjuna, and before that it was spoken by Lord Krishna to Vivasvan, the person who maintains the sun planet, some 120 million 533 thousand years ago. Before that it was spoken by Lord Krishna when He appeared in the previous daytime of Brahma. In this way, Lord Krishna has spoken the Bhagavad-Gita at least 18,000 times right here on this planet and it has also been spoken millions of times in other universes. Thus the Bhagavad-Gita is eternal and universal.

Lord Krishna has been known for billions of years by zillions of humans on this and millions of other universes. Thus Lord Krishna is eternal and universal. The word 'Allah' and the Koran NEVER existed before 1400 years ago. This word cannot be found in the original Christian and Jewish scriptures which existed before 1400 years ago. And this word cannot be found in the Vedic scriptures, which are accepted by historians as the oldest scriptures on the planet. There are more than 810,000 verses in the Vedic scriptures written more than 5000 years ago, and only 6236 verses in the Koran, written less than 1400 years ago. This very clearly shows that the Vedic knowledge is the words of God and not man made. Anyone can create a book with a few thousand verses by copying from the Vedic scriptures and modifying. Only God could have created scriptures with more than 810,000 verses, 5000 years ago.

Allah is a concept of God and Krishna is the real person God. Lord Krishna is very eager to take all the souls back to the spiritual creation where everyone lives in the same body that is completely beautiful, full of bliss, full of knowledge, eternal, with no trace of misery. The Muslims are also welcome and can very quickly become qualified to go to the abode of God (Lord Krishna).

"That is the way of the spiritual and godly life, after attaining which a man is not bewildered. If one is thus situated even at the hour of death, one can enter into the kingdom of God." (Lord Krishna, Bhagavad-Gita 2.72)

Lord Krishna is so merciful that even if one surrenders unto him in the last hour before death, one will enter into the kingdom of God. The Koran is full of statements stating Allah is very merciful and Lord Krishna proves it, because Lord Krishna is the one true God.
