### Notes

BCSM has a very positive impact in my life. I came to KC in 1998 when I started MBBS in Mumbai and born and brought up in Kolhapur but I was not fully devotee and I am totally material and I came to KC by attending programme by Gauranga P and Gaur Gopal Pr and Pankajangri Pr always there with us and Govind Pr also there with us. Initial days I was very ideal and protected and when I got married I was in a tough situation in Maharashtra in a small village very difficult to progress in KC but somehow we are chanting Hare Krishna and 2007 I came to US alone for preparing for exam.

In 2007-08 there was a very bad phase in my life and I was unable to miss my child Gopal, wife and my devotees friends in RGM temple. In Orlando there is no association at that time. I didn't know anything, I had an accident and it was a very bad phase in life.

I never watched movies before 2003 but in this stage I took the shelter of YouTube, started watching movies, cricket highlights and wild life videos and wasted hours of hours of time and I had a burden to study and I got up and completed chanting but didn't feel to chant and then I opened my computer and sat watching. I was just praying that I want an association of devotees and everyone has chanted Narsimha prayer and later I got connected to Divya Prema Mataji and she invited me to temple BCSM is coming and met BCSM and I was very happy in such a long time.

I still remember what I am wearing. BCSM said anyone has a question then I raised my hands and asked questions I asked him how should I face my challenges in KC.

- BCSM was so understandable. He told Even Bilvamangal Thakur had fallen down from bhava and when there is bhajan kriya start then anartha nivritti and then nishta and then asakti. BCSM told up to the 8 stage of bhava one can fall down. And do the things association and never criticized them and do chanting forever and do your sadhana properly. You will not fall down
- He given me hope and treatment which is something doable. Stay in association of devotees you will be saved.
- This given me so much strength and I took the dust of the lotus feet of BCSM when he entered in to car. It given me so much strength to me And then I was able to chant properly and also when devotees heard that I was eating outside in a subway then Aditya Narayan Pr and Divya Prema Mataji they told me to come here and eat prasada.
- In my lowest stage of my life- BCSM uplifted me up from my lowest incident and saved my life.
- When RNSM was in BCSM - when he was asked the resident of GBC and RNSM don't want to become GBC member, BCSM when he came to RGM after Sunday feast talking with BCSM said to RNSM. Maharaja was so happy that I was able to serve to Sri Sri Radha Vrindavanath and I don't want to become a leader and I am not very qualified and never want to become a leader and at that BCSM smiled and told RNSM that ISKCON needs leaders like you who don't want to be a leaders. And somehow we have convinced RNSM take leadership in ISKCON. And RNSM expressed deep gratitude to BCSM for encouraging him and inspiring him to take a leadership in ISKCON.
- Those who are the disciples of RNSM - we owe a great spiritual debt to Bhakti Charu Swami

maharaja because if it was not for him so many things could not have happened and so many things we take for granted could not have happened. So, bcsm had a great influence in my life and in the life of my spiritual master and for this I am very very grateful to His Holiness bhakti charu maharaj.

Thank you very much  
Hare Krishna
