Notes-

- Everyone has to taking birth has to die. And the person has sent to this world for mission than he has to go back
- Krsna is the controller and pure devotee are fully krsnas divine friend to go to preach another part of the word.
- They associate with 2 ways - vapu which is temp. and vani is more permanent
- SP in his books that vani is more imp than vapu.
- SP himself didn't associate extensively with his guru. But he took shelter of his vani.
- Disciple knows that vapu form is limited and vani is more imp. So we must concentrate on vani.
- Bcsm came to the planet actually he was few months younger than me and he was born
- in aristocratic holy family in calcutta and got good education and later on after finishing his colleges and proceeded to west and
- He has few friends in germany and went germany for higher studies and there he also visited iskcon hamberg. And sometimes we are searching for spiritual life. And he back to india for searching spirituality and returned back to search for his guru and old friend of him took him to iskcon calcutta and changed his life by reading NOD of SP and inspired his life.
- BCSM is candid example. He got inspired by him and finally his friend of his gave a copy of NOD by Roop goswami and the first copy of that book he had received.
- And got a pleasure when he read book he realized that SP will become my guru.
- Roop goswami says the imp of PDS and that the real thing is bhakti yoga.
- There are so many eg which changed the minds of leaders. So we must read SP books
- He comes to calcutta and went back to mayapur and bcsm got a menial work to do and everyone knows that BCSM started translating SP books and started reading SP handwriting and translated in his own language.
- And gradually he bought to SP and that time we have very few indian devotees. That time SP discovered and asked to bcsm please do this book translation and bcsm took this challenge.
- During the span of 8 years, bcsm came in mayapur and concentrated in

translated SP books.

- SP books originally in english but its all translated by bcsm in bengali.
- Bcsm working round the clock and he would get up 12 o clock in night and translated books in bengali and SP also used to get up over night and write his books.
- Bcsm was also just translating his books. BCSM was initiated by SP in gaur purnima and got 1st and 2nd initiation. And SP himself called bcsm and given initiation.
- Most devotees surprised bcoz they have to wait so long and SP given him initiation in most auspicious fest, bcsm was also recognized as a great cook and further he got sanyas initiation in 1977
- When SP left his body that time bcsm started btg magzine and invited by tkg to be a part of SP travelling party as SP party regularly travels and bcsm knew cook and then SP last year on the planet and extremely intensed. And SP came to vrindavan getting ready to go back. And bcsm got an unique privilege to serve SP for cooking and all the paraphenilia and after SP departure, bcsm got gbc chairman.
- Bcsm was very attached to preaching and strive his best to spread our movement and went to preach the message of lcm eventhough there are challenges he is stand up and by preaching he attracted qualified and dedicated people.
- Bcsm regularly lectured in public occasion and he is recognized as powerful preachers.

- Bcsm was very humble devotee and normally if we have little quality we become very proud and arrogant. But bcsm very humble and well wisher for everyone. And he always appreciates kc and spreads kc all over the world.
- Bcsm is very humble. And strives his best to spread SP movement. He was convinced that lcm teaching to spread the world and everything in the SP books. He knew that to preach the krsnas message than humility is a weapon.
- Bcsm is an classic example who has humbleness and sweet devotee and always enthusiastic to preach all over the world and always connected to the gbc in this days.
- Bcsm made a series of life for SP which has 100 series episodes and millions of indian watch that that to expand the preaching.
- One hand we are able to remember bcsm pastimes - we have meeting in months ago that he told he went to US fl for cow protection
- We all going to depart today and tomorrow - we have to fix it up in PDS.
- SP said PD always engaged in PDS of lord and he lives to protect the culture of the lord and serve the lord.
- BCSM tried his best to preach and he was fully dedicated to SP and dear to lord and he will go ahead to preach to another
- On this day, we must be serious like bhakti charu swami and our goal is to

please lord and bcsm is best example as how he is loved to lord with determination for and doesn't aspire for material benefit and we should be in ultimately in this mood for spiritual advancement.
