Notes -

- In BG krsna say bhoktaram yanjya... If you want to experience joy in life than you have to accept krsna in life. Suhrdham bhutanam he is the best friend of all living entity
- a friend means who is our well-wisher and who is serves us in a best possible way to experience joy in our life
- Lord krsna plays in BG as a best friend of Arjuna guiding in battlefield
- in MB, bhima was extremely powerful and inspite he has more power it's very difficult to defeat jarasandh and it's very difficult to defeat jarasand and lord krsna picked up grass in the middle of battle and throw grass as indication. And bhima got sign of weakness and clue to tear a part in a middle. bhima tore a part of jarasandh and defeated him And thank you to hint given by krsna to gave a sign to defeat jarasand.
- Krsna became best friend to yudhishtir maharaj. When yudhishtir maharaj was totally bewildered - yudhishtir was considering that because of him entire battle was happened and because of his insistance all the soldiers got killed. Vyasadev and krsna was explaining but all the results got failed. And ultimately he approached bhishma because of krsnas insistance and yudhishtir maharaj goes to bhishma who was lying on arrows and get inspired by bhishma inspiration and continue to perform a duty as king
- after battlefield arjuna comes back and went to meet krsna in dwarka. When he return back from dwarka he realize that he had already ended a pastime and gone to spiritual world.
- arjun was devastated. And when he met yudhishtir maharaja and he was bewildered by seeing arjunas bewilderment and told to krsna I am been deprived from association of my best friend. Harina bandhu rupena means krsna is my best friend who is no longer in this planet and decided to end this pastime.vancitoh maharaja - I am deprived of all those powers which stunned the universe. That power is no longer with me. Na me aphrita teja. My super excellence skills which stuns the mind and intelligence to the greatest of demigods and people in general thinks that how is Arjuna was so powerful. Yena me aprhta devoh - all of the powers taken away in one moment.
- endowment and withdrawalment happened by grace of lord. So krsna had given those powers and krsna had taken those powers. Those powers was given to me for fulfilling specific purpose. And now that purpose is over those power taken away. Now I am humble b
- same krsna throughout our life helps us to help in different ways. that krsna acted as chariot driver, acted as security guard and that same krsna acted in many several way to serve the pandavas and Arjuna and now he had ended his pastime.
- Arjuna is encounting how krsna becomes charriot driver and helped arjun to win over the battle.
- As a chariot driver krsna had served a devotee Arjuna. Becoming a chariot driver krsna had to discover is opulence renunciation that acknowledgement of fighting but in this batte I want Arjuna to be hero and I want Arjuna to be king and victorious. In this way krsna became chariot driver of Arjuna
- Best quality of krsna which makes krsna extremely beautiful is sarva saundayam sangraham - it means krsna loves to give credit to devotees
- and in Ramayana and BG, you can find both that krsna had giving credit to hanumanji and here krsna is giving credit to arjuna. Therefore krsnas character is supremely beautiful and enchanting who has no agenda and simply wants to helps us to experiment our eternal true nature in our heart
- every soul is looking for personality whom they can attracted and established their eternal

relationship.

- when krsna hears the prayers of rukmini. Krsna says - one who helps us to delivers from all kinds of miseries and distress of world. It gives us eternal pleasure, freedom. He have to known as best friend. Your roopam, vidhya, looks, service to the lotus feet which is incomparable to your looks, knowledge, etc.. that lion amongst men, you are also called narshima so I cannot control you
- krsna response to this and overcomes powers of weak and vicious mind represented by rukmi who had overwhelmed an intelligent bishmaka and mind had collaborated with a forces of envy of shishupal. They are waiting married to shi shishupal rukmini to get married and krsna picks up rukmini and starts departing. Rukmini was gentle lady and krsna immediately pointing out the armies krsna says - prahasya bhagavan - do not afraid of by seeing all these armies of jarasandha and they were destroyed immediately by your armies. Krsna is referring who had coming from dwarka and representing of rukminis armies.
- Krishna is so magnanimous and so generous that a few moment krsna had established a relationship with rukmini which krsna had to established all the armies, properties to rukmini
- krsna always eager to share his opulence with jiva in spiritual world.
- even if you serve the company for 40 years with blood and sweat and even if you associate and loyal to founder of company. But how many of you offer a place, residence with proprietary after retirement? But krsna inviting all to come to him in spiritual world therefore krsna says in rukmini this is the power of your armies and your armies will defeat jarasanda.
- Therefore krsna is eager to share his resources to all the souls.
- Krsna held each other hand and held sticks in other hand. Stick which had held the stick for yanjya. They didn't give up sticks and each other's hand. Giving up sticks and holding each other's hand will be sentimental. And giving up each other's hand and only holding on sticks would be consider only to mission, and that will make them highly impersonal. So, good sustainable missionary to the mission comprises all healthy harmonies between mission and missionary. One should neither impersonal nor sentimental.
- When Sudama comes to visit Krishna in Dwarka the Dwarka vasis become stunted to see how Krishna leaves his throne and instead welcomes Sudama and makes him sit on the throne with giving him all the respects.
- Krishna served Sudama as Demi Gods serve Krishna.
- Krishna gives Sudama genuine respect and serves Sudama ji with great respect for his hospitality..
- Two things makes sudama satisfy with his core. Many times that we think that money, position, fame, influence, power will make me happy. But sudama is experiencing real penicale of happiness of experiencing of genuine and authentic friendship with krishna.
- Characteristics of genuine relationship with krsna is when we add that characteristics in our relationship than it becomes sweet and joyful.
- Authentic respect and Genuine loving service is the most powerful influential combinations in a any friendship which opens up their heart to sustain relationship.
- Many people around whole world are addicted to all types of intoxication. We need to help people to establish their relationship with krsna. Suhrdham sarva bhutanam which is their in within. this is the most crucial need.
- So many people are getting lots of stressed and loneliness with all kinds of technological advancement which all extent to progress.
- soul by nature is looking for happiness, eternal pleasure. And that is krsna or rama instead of that we are having relationship with internet.
- We need to change the culture. Help them connect to their real friend Krishna. And this is the most crucial need.
- Internet addiction is a huge problem. And atleast 25% of youth is afflicted with this. As they are not spending the nice time with their families.
- People are looking for connection and when they are connected to internet they get entangled and addicted with all illicit stuffs.
- And youth is having tough time to get out of addiction of such illicit stuffs or pornography.
- This means that we are looking at group of highly distracted, dissatisfied in their life who is

looking for the pleasure. Anyone who had connected to pornography they are found marital infidelity

- Therefore we need to provide real meaning to the people and that is what Krishna Consciousness is.
- 6 out of 10 people are suffering stress in their work places. People experience the stress because they have lack of motivation and so many other things. Stress has been defined as a gap in the between of expectations and reality.
- Stress is a physical and emotional reaction as they encounter lack of expectations and which manifest in anger, fatigue, and so many ways. Youth and future of the country that you must realized that this all stress and all anxiety can be overcome when we fulfil the purpose of life.
