

# Rnsm Morning Class

14 April 2020 22:23

\*Class by HH Radhanath Swami Maharaja\*

In bhakti everything is calculated by love not quantity, not influence. But only love. This is the most popular and influence by all. Baby doesn't care about bank account and all things. Baby doesn't care anything else from parents. Baby always wants love towards him from parents everyday. \*This is our basic principles of our life to seek love and to be loved.\* \*Things can give little bit satisfaction but only love can satisfy us throughout our life\*. Some of the devotees has came gev, we have many cows. We have to protect our mother Cows throughout our life. It's said that cow is fully dependent to our human companions. So we should give the love toward our mother cow. \*Everybody likes to be respected.\* mama Eva jiva loka jiva bhutta sanatana... every living entity is the servant of the Lord. So we should love all the entities. when we love them then automatically we love to supreme personality of godhead. Through our words and through our action we should develop love towards all the living entities.

Greed is never meaningful, selfish, lust, anger, envy..This is not meaningful to ourselves for heart.

\*Compassion and humility is the meaningful to our heart.\* Whether you does by cooking or serving or anything else like this.. krsna will please from this action from your heart.

When we invited as unexpected guest with compassion and humility automatically guest pleases... They(animals and mother cows) always seeking love toward all them.

Krsna says in bg if we offer leaf, flower, water or fruit with devotion I (krsna) will accept it.

This story is told from ages... god will never takes anything which is not offered by love.

nobody knew anything about her(sabri). But her guru (madvendrahrishi) told him you should stay here because supreme personality of Godhead, Rama will appear. She has an anticipational love towards Ram. Rama appear in this world. But she wants to give best of the best to Lord. That lady has given berrys to Him. But before that she was very frustrated to give Rama because she don't want to give bitter one to Lord. Whatever she tasted if it's comes bitterness then she will keep for herself. And when it will come sweetness then she will give to Lord. Hanuman was so personified devotee, he is carrying big big mountains.

Rama said, that spider is equally doing service as you (hanuman) are doing my service. Then Hanuman appreciated that... \*seeing others victory it's like getting blessings from them\*. In this material world, there is so much envy that no one wants to celebrate others victory

Rama was equally happy by bahulavasan(king) and strutadeva.(poor person)  
Next lcm appear to love. There was a king parataprudra maharaja. No one can defeat him because everyone loves him, because he is compassion and humble to all. Parataprudra maharaja setups kitchen. 3 times you will be happy. Sukumar brahmachari is the devotee, he is the poor and living in straw huts. Usually no one is giving best of the best to beggars. He was so satisfy because he loves krsna and krsna loves him. His life was so fulling. Lcm told him that I want to taste your sweet rice made by you. So I'm coming.

You are lakshminath, goddess of fortune's wife. Supreme personality is coming. He was chanting Jay govindha, Jay gopal, Jay madhusudan...now lcm ate that rice and by eating by your hands I'm feeling very much satisfied by telling lcm was weeping from the core of His heart. Real wealth is not the billionaire or millionaire. But real wealth is to feel compassion and love towards every living entities. Nitya siddha krsna re prema.... you can find in your hearts, if we are searching sincerely from your core heart.

When we come in Satsang it's develop the love towards krsna.

He is truly there in everyone's heart 100%

I want to end with story in 1972. My beloved guru is the inspiration to build rgm and gev and many more person to serve them. He did not have anything. In special occasions sp will be giving class on that bangali lady. They was so sincere I was sometime goes to meet them. Yamuna devi mataji was the senior most disciple of sp and she was very much dear to sp. She described Sadarichini in her book. Yamuna mataji was wants to honor that lady. Yamuna mataji is the very lovable lady. George was very much

By offering this flowers you can take infinite mercy from Lord.

Thank you very much.
