Topic - **Lesson from Ravana - Dusshera Special**

By Satyanand Pr

- Dusshera is celebrated as truth over falsity and celebrated good over evil
- Sripad madhavacharya establishes GPS directly taking knowledge from wisdom from Srila Vyasdeva. And Madhavacharya met Vyasdev in adi badri at himalayas almost 800 years back, Sripad Madhavacharya appeared and he is an incarnation of vayudev and he decided to go to himalayas and he went along with his disciples and once reaching to badrinath where it is very difficult place to reach and if u go up that it is still difficult to reach. And there is adibadri where Sri vyasadev resides.
- Naradji given instruction to srila vyasadev and vyasadev included all his instructions and same vyasadev's knowledge madhavacharya took this knowledge and one great devotee appeared is sripad madhvendra puri
- Madhvendra puri initiated ishvar puri and LCM took initiation from ishvara puri and therefore, this sampradaya known as brahma madhava gaudiya sampradaya.
- LCM's disciplic succession came to BSST and Bhaktivedanta Swami and ISKCON is a bonafide representation of GPS.
- Whatever instructions we received is all bonafide and we should not be doubting the shastras then whether things can work or not, or chanting 16 rounds is sufficient? We need not to doubt the process of our bonafide sampradaya and this is the process to make our life perfect and all these acharyas they are directly empowered by Lord to uplift humanity in this kaliyuga
- Na me bhakta pranakshyanti - whatever words of pure devotee never goes in vein. And krsna protects His devotees and His words.
- Our acharyas says follow 4 regulative principles, chant 16 rounds then we must follow in a full conviction spirit. And we need to be in conclusion that I have received the bonafide knowledge to uplift us
- And most of the time we don't put effort from our side and therefore we unable to see the results in the process and when we endeavor as per the instructions of acharyas then we will see that process is bonafide and fully powerful in offering results of our bhakti
- On this day that it was evident that battle would be took place between ravana and rama, and the bridge were built and all the vanarsena reached lanka and one by one all the asuras got killed by vanarsena, rama, lakshaman,
- Lakshmana took his stand and indrajeet came back and when indrajeet saw that there is bhibhishan
- We can Leads our life to destruction by these 4 things - to mistrust friends, to have sexual relation with another's wife, stealing other's property
- We also need to kill our ravana within our hearts by chanting holy names. Ravana

has 10 heads but no brain. We need that brain so that we can take shelter unto Rama and that brain - sugriva has, bhibhishan has, hanuman has and we can conquer Lord Ram in our hearts

- Real vijaya dhasmi will be celebrated when ravana within get destroyed

Thank you very much
Hare Krsna
