By Satyanand Pr

Notes -

- PM said to SG - yene yene avatarene.... - activity which is he has performed which is pleasing to mind and ears. This is the nature of mind in hearing krsna katha. Our mind is looking everything and everywhere and we hardly find satisfaction in mind. Simply someone by hearing the krsna katha then immediately dirty things in mind will dispel. Those who conditioned state when we hear this krsna katha we should hear for enlightenment and enchantment. Everyone wants entertainment and no one needs enlightenment and enchantment.
- Krsna childhood activities are so peaceful that develops so peace and we attract to material things and such attraction to material things are the root cause of material world. Here when we gradually develops PDS unto lord by attachment to lord and friendship is the thing which to develops the attachment to the lord.

When we hear krsna katha then 7 things happen -

- Pleasing to ears
- Its vanishes unattractiveness to hear krsna katha
- Our mind is attracted towards krsna
- So many things in mind gets purified
- Purifies ones existence
- We develop PDS and attachment to service to lord.
- We develops friendship with devotees.
- When we hear krsna katha we starts giving up material association and we start associating with devotees.
- If one has developed little bit of kc than he become attached to vaishnavas.
- Vaishnavas are those who are interested in only in hearing about KC.
- We must do every activities but we must develop interested in hearing more about kc. Like he wants to chant, associate with devotees, develop more faith in krsna, This is the definition of vaishnavas and we must keep in this mind.
- Therefore, PM is saying that keep talking about krsna that they are very attractive. Specially childhood pastimes are much more attractive than activities of all other incarnation.
- If you see all other planet which advanced species stays over there and they so advanced than us. But krsna is performed is pastimes here therefore this material world is so much blessed where all other demigods want to come here.
- When mother yashoda saw that krsna tries to attempt to turn around in uthaan ceremony. He called all the brahmanas in this ceremony. And all the brahmanas chanted vedic hymns. Nandamaharaja was giving charity. Worshipping brahmana is also imp.
- Manahsvini - SG refers yashoda as liberal that she gives profuse charity to brahmanas(when she was distributing donation to brahmanas
- SG describes - mother yashoda wanted to celebrate uthana ceremony.
- In vedic society, there is no question of over-population or maintaining child was not burdened.
- Just like 3months baby cannot be active in the ceremony therefore krishna was acting or immitating like a 3 months be yawning and sleeping. It's not that Krishna is acting in such a way but Krishna was naturally doing it to reciprocate with mother Yashoda's intense love for krishna.

- Being very affectionate mother - mother yashoda wants to comfortably sleep so that she can do other activities in the uthana ceremony. She took baby krsna in the courtyard. There was a huge hand cart which is in the backyard and made krsna sleep peacefully so that mother yashoda works peacefully.
- Human activities of Lord can be related with the people of this world and he establishes and sets his example as an ideal human being and with exemplary manner so that human beings can perform their duties properly.
- Mother yashoda desires to please krsna and she was not able to hear the voice of krsna crying. She didn't mean to be but this is generally called as circumstantial misunderstanding where things go in such a way that it seems to be ignorance. This happens in the life of devotee - circumstantial misunderstandings. This leela demonstrated as circumstantial misunderstandings.
- Mother yashoda neglected circumstantially. We must be aware in devotee community also that happens to be seems to be ignoring but we must not stop interest in practicing KC.
- Utkacha was appeared in a hand cart and wanted to destroy krsna. Instead of getting destroyed by krsna, Krishna destroyed utkacha. This happened in uthana ceremony.
- Krishna's foot was just touched to the handcart where utkacha demon were present. **Demon utkacha was also known as shaktasur.**
- Just by Krishna just touched a cart - that cart became overturned and dismantled and demon utkacha was died just by the gesture of Krishna's tender foot. This shows that Krishna is the SPOG.
- In our life, we must take guidance from right source. Here, small gopas has seen but vrajavasis didn't believe it. So, sometimes we must take guidance from guru, guide to understand that and taking guidance from senior is not wrong.
- Just like person don't have anyone who can tell them the fact. So to take feedback from others is strength and to work on it is the biggest strength.
- One Who does not have envy and jealousy such blessings works. So nandamaharaj called the brahmanas to offer blessings to krsna. When Pure brahmanas had pure qualities, their blessings are very effective and we must seek blessings from pure brahmanical people who do not have falsehood. When such person give blessings than it's uplift our consciousness also...
- As no one can bless krsna - Krsna is beyond blessings of anyone. Nothing can harm krsna but still He is playing role of human child - Krsna is receiving blessings.

Thank you very much
