Topic - Advantages of Book distribution

By HG Gauranga Pr

Notes -

As srila prabhupada mentioned in the his purport that its the duty of Indians to spread the message of Gita. It is the duty of every responsible Indian to broadcast the transcendental message of Śrīmad-Bhāgavatam throughout the world to do all the supermost good as well as to bring about the desired peace in the world.

Before starting class on we must know what srila prabhupada books are?

There are 4 advantages of distribution of books -

1. humility - you will get humility. One disciple of sp, they has distributed books at petrol pump 🛢️ while they were not having money. he had distributed krishna book on behalf of money exchange. When we go out for book distribution, don't think that people will easily accept books 📖 By distributing books, we will get humility. As we read srila prabhupada books, humility is the virtue of the foundation of spirituality. LCM says, because you are elevated person Krishna will take you in the abode of Golok dham. Rupa and sanatana were extremely exalted devotee but than also they feel I am lower than all. We must distribute srila prabhupada books which can help us to develop humility.

One day martial art person was getting the science of self realization book from a devotee. When we approach a spiritual knowledge, first process, we must have to become humble. Also, those who distribute bhagavad gita Or srila prabhupada books 📖 he or she should be humble in every dealing. One time gauranga pr was going to local trains for distributing books 📖 he had distributed bhagavad gita in a local train and come up to the guy who told my father also has, my grand father also has. then I (gauranga pr) told okay than read bhagavad gita. Than I got down from train and entered into another boggie. and that guy kept chasing me and asked me please give me bhagavad gita. I told, you already has bhagavad gita na? yes, I have bhagavad gita but till now no one had smiled and talked peacefully and you are the first person who talked and smiled at me that transformed my heart and I want to take bhagavad gita from you. So, you never know who will get transform and how will they transform but you need to have humility while distributing books. Srila prabhupada books are very much in demands for all classes of Peoples.

we get all types of people - sometimes positive, sometimes negatives. there is a

power behind you - supreme Lord who showers blessings on us to transform others by this distribution of books.

-- One time local train I was distributing books, I entered in a local train in full of crowd. one person asked me, are you from hare krsna? I said, no one has this life style here, rig YesYes, I am from hare krsna. Than that guy said to me I want bhagavad gita what the charges for per copy - I said 70 rupees. So, he replied, please give me one copy of bhagavad gita. I told, you can see how I am standing inside the local train. So, you take bhagavad gita from my bag, keep 100 rupees in my pocket and take 30 rupees change. and this is what is meant dependency in krsna.

2. adventure and excitements

When you do book distribution, you will get adventures and excitements.

- What is the point in distributing book?

-- Everybody's duty of oneself to protect oneself and others from the death and to overcome the influence of death. This books does sharpen our intelligence to see the things in a very crystal way.

A man was struggling in his home - than he purchased bhagavad gita and got inspired and postponed the thought of suicide. before I attemot suicide, let me read bhagavad gita. after reading bhagavad gita, he gave bhagavad gita to his wife. Wife got very happy after reading bhagavad gita. and the whole family got transformed by reading books of Prabhupada and now they are devotees.

3. We get self realization - when mahaprabhu transforms governor. just by hearing mahaprabhu, jagai madhai get transforms. by just hearing about Mahaprabhu he got transformed, what about when someone takes darshan of mahaprabhu, he will overcome the miseries of death. If you engage in the service, effect of service and effect of chanting makes us humble and helped to develop servitude.

- Overcome the tendencies towards animals and human beings and devotees by which you can make our life blissful.

4. By developing book distribution we develop "Dependency of Krishna"

- One person was doing silent meditation in a library and he can't able to focus. and finally frustrated and bang his head on library book shelf and than one book fall down on his head and he read the first page and it was written - silent meditation is bogus and the book was the perfection of yoga. By reading this book, he became devotee.

While distributing books -

1. **Do not judge anyone else** - because who will transforms by this books, you never know.
2. **This books are like timebombs** - indradyumna maharaj got a phone call from his mother that I wanted to go to vrindavan. Indradyumna maharaj said - Now this

is night. we can talk tomorrow morning than next morning he got a call and brother replied, mother departed. brother said, she got cancer and she was suffering from 5 years. And 5 years, he was constantly reading bhagavad gita and other books by srila prabhupada which was in garage with covered by dust. that books helped her in 5 years to develop krsna conscious nectar in her heart and transformed her and got a final desire to visit vrindavan dham. she transformed her life but her last desire to visit vrindavan dham got unfulfilled.

This is the power of srila prabhupada books to transforms others

3. failures are good -

- when you are distributing books whom you are meeting - we must not judge whom will transform the good, just distribute books.
- when you do distribution we must aware that each and every step you must feel the dependency of Krishna.
- We should distribute books in a very generic concerns, and in a very appropriate way so that by yours dealing it will transform others.
- Let us take this an opportunity to serve prabhupada by distributing his books if prabhupada is not there than what kind of spirituality we expect? We are grateful that srila prabhupada established iskcon and established books 📖 which has transformed everyone's heart by just reading this books to as many lives in this world.
- Let's pray unto Srila Prabhupada that we can distribute his books and help others to transform their lives by helping them to read books 😊

Thank you very much
Hare Krishna
