Topic - Imp of ISKCON Society

By Nanda Dulal Pr

- All of us are sitting here and wanted to practice ahaituki apriyahata - loving PDS unto krsna and srimati radharani.
- time is degraded and guru taught us is so pure and what if our iskcon society is not there then what would be our position and where would I be
- This is very significant SP incorporated iskcon to us.
- Importance of society that SP given to us in these times.
- Definition of Pure Devotee - rnsn said those who wanted to live by principles of our acharyas they are also called pure devotee. But they are not pure right now but they are on that path who endeavors according to their capacity.
- News reporter said - how many PDs are in movement? SP said, how many devotees are In our movement to devotees.
- Then satsvarup maharaja comments - SP understood this that following me as long as we stick to GPS and principles, system then there is hope to be a pure devotee one day.
- In todays time, materialism attacks dharma, selfishness attacks true religion ,thesim and athesim but also in modern kaliyuga is apetheism.
- Apatheism comes from apathy and apathy is opp of empathy. Where they don't even have time, energy to the prove or disprove of the existence of god.
- They said whether god doesn't exist or not exist it doesn't matter to me. Me and my life and sense gratification that matters.
- Today sadly in modern world two or 3 saintly person travelling somewhere instead of receiving protection for saffron clothes they are mercilessly killed.
- Not only from atheist attacks but also theist attacks from other faith.
- In this time, Anyone and everyone irrespective of what clothes he wear - will it possible to practice genuine principles of PDS faith in lord alone ? NO. its impossible and depends on institution which provides physical, financial and cultural safety.
- In this way we cannot over emphasised the needs of institutionalized in today's time
- This material world is duality. And spiritual world is absolute or pure.
- BSST said - he accepted institutionalism is an evil but not necessarily.
- It is not that person who gave us institution religion is unaware of pitfall but he accepting considering advantage and disadvantage.
- Advantage is far outway from disadvantages.
- Keep the heat or keep the disagreement in such a way that leads to upgradation of our agreement.
- When we disagree with each other that we listen to others and we come to the concern that this opinion than this better than what we thought and in this way it pushes the movement further... better and better agreement and when those disagreement becomes like brake liner that the only energy spend in the rubbing against each other and train is not meaning.
- This HK movement means SP wants this society to move ahead and to give Pure

bhakti to anyone and everyone and if this disagreement is so much instead of pushing and moving ahead then we lost it.

- We may feel institution is not favorable but we must re evaluate our thoughts and we have not seen the reality that is there and we must accept it.
- Friction must be handled properly then only sanatana dharma will actually remain sanatana. It is santana but the way things are going we need to come, stay and propagate together.
- In BG, SP says Concept of krsna is not that he is god but concept of krsna that he is absolute truth.
- BG says tesam satatam yuktanam bhajtanam priti purvakam - before coming to iskcon no one has told to us that we have to serve with priti purvakam.
- Niti - If people don't have bonafide knowledge of god then all they can speak is god doesn't got the qualities.
- Those vedantist who is frustrated with material life and all they can speak of god is in god there is no materialist quality because they don't have proper knowledge.
- SP given us supreme absolute truth krsna - which is nothing that is independent existence than Him.
- Just like a person who is seeing sun is not stopped but when cloud created by the sun and that cloud is affect on earth. And this person instead of choosing to see the sun, he by his own will stands below the shadow of sun. this jiva cannot see the sun. but for that he needs to transfer himself to the sunlight from the shadow of cloud.
- If this jiva is popular and charismatic with his word and there are so many people in the sunlight that they are directly taking darshan of sun. he can by his speech attract those people.
- Radhanath swami said to radha gopinath pr to visit nearby ashram where bhagvat katha going on. And he went there And he found in one lect. That today they discussed about which are the imp prayers in SB are gajendra prayers. Why gajendra prayers is imp? Because in entire prayers of gajendra there is not mention any name of lord. And SP said madhurya guna roop naam naam.
- It is only from iskcon we saved from thesim, athesim, apatheism.
- This institution is not something preventing us to spread sankirtan movement but its helping us to spread sankirtan movement
- It is only this institution have sets of rules atleast for 10 years of mine don't talk about mind says because mind is avaisnava we met in our life.
- If we listen to our avaisnava mind - can we progress? NO. sadhana bhakti means to first fight with mind and you are sufficiently fought with mind and mind is little subdued then you listen to your mind.
- Recently Bcsm said lord krsna expanded himself in the form of holy name- lcm expanded himself in the form of sankirtan movement. Similarly, SP expanded himself in the form of ISKCON Movement.
- Just like in varnashram all the 4 ashrams are imp. Similarly in iskcon society, cooperation of devotees are imp in different devotees of different nature.
- One time SP's disicple sent letter to SP - I pray to Lord that my health comes to you and you live longer and let me suffer.
- To the highly emotional letter my disciple wants to give his health and SP wrote - all I want from you is your love for me will shown by how you co-operate with each other.
- If we serve together and stays together then we are actually serving SP's body and iskcon is SP's body.

Thank you very much

Hare Krishna
