Topic - \*Prabhupada gifted Tulsidevi\*

By Amarendra Pr

Location - Vrindavan

Amongst all Spiritual path, Krishna's service is the best.

āsakta-manā pārtha

yogaṁ yuñjan mad-āśraya

Now hear, O son of Prtha [Arjuna], how by practicing yoga in full consciousness of Me, with mind attached to Me, you can know Me in full, free from doubt.

The only pure love is in the service of supreme Lord. bhaktyam api dhyanyati. by surrendering and serving krsna we can get a hetuki bhakti Or pure devotional service. whether your desire is to serve lord in a friendly or relationship or anything else you will serve the Lord with Simplicity. I don't take pleasure patram..., phalam or any fruit But i take pleasure only

Krsna says, I accept of anything offered with love by My devotee in pure consciousness by just offering tulsi devi in any of your footstuffs. .

anayantaca cintayanto mam - surrender all yourself in the only My lotus feet, you will be protected from all sin. atvesha santustoh satatam yogi - mana mana bhaktoh - become my devotee, and surrender unto me. I will provide you everything to you.

nirmatsaro - this SB is present only to those, those who want that pure love of Supreme Lord which is relishable till the ages.

There is no alternative for the bhakti. there is no need for the tapa or dhan, or anything else. I want only the pure bhakti or pure devotional service.

For example - if a boy once saw a girl and haven't saw personally but just felt the feeling that when I will meet her, I will serve her, I will do everything for her, I will surrender to her. Just by seeing the girl once, all the service comes directly.

Similarly, if you adopt the principle to love krsna, than automatically all the teachings of Supreme Lord or Bhagvat comes when you surrender to Krsna.

Prahlad maharaj once asked to Nrsimhadeva - You haven't been pleased by the tapa, wealth, strength, fame or anything else But you were got pleased ONLY by the pleasure of the bhakti while gajendra offered a lotus flower with Pure Love and devotion. Similarly, we don't want any fame or strength or love or prestige. But we want only the pure love or bhakti to serve the you, my dear Lord to please You.

yani kani ca papa ni - we performed parikrama to tulsi just by everyone is offering parikrama to tulsi devi. But we never offered parikrama to tulsidevi with a love and devotion. When we perform parikrama with love and devotion, tulsidevi accept us and protect us in every sin.

tulasi dala materena - just by offering tulsi unto the the lotus feet of Lord, we surrender all

soul mind and intelligence unto the lotus feet of Lord.

Haridas Thakur says, If you want to surrender unto the Lord, we just need to chant the Holy name of Lord to develop the love for the Lord.

If a common man says that this vrindavan is the part of UP. than it's a foolishness.

if a common says that this deity is the stone, than it's a foolishness.

if a common man things that this charnamrit is just a water - that's foolishness. sanshyatama vinasyati -

Similarly, thinking tulsi as an ordinary plant, than that's a great foolishness.

Adhavait acharya says, just by seeing the tulsi, that person get librated, just by surrendering unto the tulsi, all your disease get cured. and just By gifting tulsi to anyone, than that person is fully protected by tulsidevi in any circumstances.

Just by holding a neck, person get finished or dies. Similarly, just by putting the tulsidevi on your neck, she protects us from each and everything - subhakti falaya

Padma purana says, Those you haven't wore kanthi mala or tulsi beads that person is the most foolish person. Whether that person eats and doesn't wore tulsi mala is like eating stool.

snaan kela vasta kale.

yasthan - a muslim person born devotee but he made a mistake when he visited vrindavan dham. He left everything, he left his wealth, he left his prestige. And he just came to vrindavan and accepted tulsi kanthi mala(neck bead) and he wore tulsi mala in his every body part. His every body was covered with tulsi. His Muslim priest told why you wearing this tulsi beads. one kanthi mala is ok to wear on your neck, than why to wear in the whole body.

Muslim person yasthan replied - Just like stone is very big and it's not possible to took stone up by one rope, it requires many ropes to took the stone up. Similarly, I am so sinful that one kanthi is not so enough to took me up. So, I wore more kanthis so that all the kanthis will make me possible to reach golok vrindavan.

Gopanganath asked everyone and asked every tulasi that where is Krsna. Every tree got scared and thinking that if we will say than Krsna will kill us.

So Brajgopanaganath thought - this every tree is male. So brajagopanganath than said to tulsi and surrendering to tulsi that please tell me where is Krsna. I wanted to meet you. and tulsidevi immediately helped him. Similarly, if we take shelter unto tulsidevi, Lord immediately listens to our prayers.

Just like a small baby pass stool urine and father denies baby and pass it to mother. After cleaning the baby by his mother, and than Father takes it immediately.

Similarly, We are just having the lust, anger, greed, ego, arrogant. We have such bad qualities that can be cleaned by the mother tulasi than Supreme Lord Immediately takes the person unto Him. Tulsi does uncertain things into certain.

Srila Prabhupada did each and everything to idam sthanam gachati -

Prabhupada left vrindavan for 2 times - He left golok vrindavan and than he left bhu-vrindavana and he preached the glories of the Tulsi to the whole world- came again to the

bhu vrindaavan and left bhu vrindavana and than gone to golok vrindavan.

one time I was talking to braj vasis and said to me that before 50 years there were nothing crowd like before as much today's the crowd is in vrindavan. Because Srila Prabhupada gifted vrindavan dham to all around the world. Therefore, this crowd is becoming more and more and the world becomes happy. Srila Prabhupada gifted Vrindavan and made everyone happy As srila jayapataka swami writes in his poem - prabhupada na hoito tabe ki hoito - If prabhupada would haven't came, we didn't got to know about what are benefits to serve Tulsi devi.

Mahanidhi maharaj says - we were inside the pit of maya - in a very dirty things. Srila Prabhupada given his hand and took us from outside from the pit or drainage of Sinful activities and cleaned and engaged ourselves in the service of Supreme Lord.

He Transformed the GPS (guru parampara system) and alone transformed all the people around the world.

Thank you very much  
Hare Krsna
