Topic - **How devotees and Krsna is important**

By Yugavtar Pr

Notes -

- SP writes in translation - when a master accepts a servant as his own man, but does not punish him for his offenses, the servant must be considered unfortunate. Why SB is heavy scriptures because it is so difficult servant consider himself unfortunate if he is not punished by his master.
- When we come PDS we read SB where we are taught that servant should consider himself if he is not punished by his offense.
- Even in PDS we commit many many offenses some offenses are very grossed but may not be graded. Many times when we are left alone we do so much things which devotee should not do and for that we are not punished then we feel fortunate. Then comes a time where we are punished with the things which we haven't done it.
- If you find yourself punished by offenses which you haven't committed because previously you many times you go unpunished for the offenses you committed, this must be our consciousness.
- This applicable to everyone and it must be done out of love where SP speaking here should be applied while dealing with any punishment. And never done by vengeance, but out of love.
- Just like you deposit money in bank a/c. Similarly, Dealing with junior devotees the amount of love and care we give them then we are depositing in bank a/c and chastisement to devotees means you are withdrawing from bank a/c
- We must ensure that before you chastise that you have deposited love and care enough in relationship.
- SP writes in purport that, The devotee accepts a reversal of his position in life as a benediction by the Lord
- LCM said, trinad api sunicena - this not only helps us in spiritual life but also to sustain in material life.
- rnsn said, grass will never scream but we must be more humbler than grass. But also to say thank you for those who trampled or trashed us.
- 5 things in spiritual life is important -
 - Become humbler
 - Become tolerant than tree
 - Offer all respect to others
 - Do not expect any respect from others
 - Chant hare krsna always
- And when we do these things only kirtaniya sada hari is possible. When we follow the upper three lines then only kirtaniya sada hari is possible.
- If we expect respect in return and mind is not humble and Always refusing to give

respect and always expecting respect us and when we have this things clouded in our mind than its very difficult to be kirtaniya sada hari.

- Reason is we cannot think constantly of krsna because we are constantly thinking of how to get respect and how not to give respect of others and we are not humble and tolerant therefore we cannot able to constantly krsna.
- Consider ourselves to be humbler than grass be tolerant.
- We came to the world naked and what we should be proud off.. We are very insignificant soul.
- One brahmana staying in village and was very famous in doing gayatri in time. If you don't chant your gayatris in b/w 6 to 6.30, 12-12.30, eve - 6-6.30 then it is not blissful.
- This brahmin perfectly does his gayatri well. And one day he over slept in eve and someone woke him up and he realized that kali has awakening up. While taking bathe he was thinking why kali woke me up and then later he asked why do you woked me up? Kali told him - if I would I woken you up than your records of last 20 years will be broken than would have cried if your record brokes. And you keep on crying and you will become excessive humble and you would have achieve krsna. But now your pride is in that and my purpose is to serve.
- Because of pride we cannot achieve krsna. Antidote of pride is humility.
- Roop and sanatana goswami - when the scholar came in vrindavan that I want to challenge you both and they told that we don't want to be in debate
- Whether we want to be in the debate with non devotees that we should not come in the political agenda. Person eats prasad or anything than we must be in the debate otherwise no.
- Roop goswami and sanatana wrote that we are defeated. This is humility
- He was asked question to SP - are you allien geinsberg's guru? SP said I am no bodies guru I am simply a servant. SP was always in that mood.
- Mood of SP is that my GM is sending you so that I can help in his mission.
- Swaroop damodar pr is the disciple of rnsn. Once rnsn travelling to US and he puts swaroop damodar pr's kirtan and rnsn said yes. But in that journey he has not even once said that he is my disicple.
- SP and acharyas to krsna - everyone is attitude of humility.
- LCMS said - If you chant hare krsna and don't offend devotees than I will take you BTG -
- There are only 2 thing spiritual world - devotees and krsna.
- By practicing 2 principles we are showing how we are treating devotees and how you treating lord with love and care without offend anyone then krsna makes sure that he will treat devotees and when he comes in spiritual world he would not offend anyone.
- By chanting hare krsna nicely is how we treat krsna.
- When we chant hare krsna - krsna appears in our tongue. If we ignore him than we are not treating krsna properly
- We must show two things properly - by chanting attentively and not offend devotees.

Thank you very much
Hare Krsna
